New EU-VAT rules for private customers within the European Union (EU)

As of 1 July 2021, the VAT rules for selling goods to private customers within the European Union have changed fundamentally. Customers within the EU will be charged to the VAT rate of their own country.

We are located in the Netherlands. The VAT-rate in the Netherlands is 21%. This is reflected in the incl. VAT prices on our website. For customers outside the Netherlands (but within the EU), the VAT amount will change according to the VAT-rate of your country.

The exact VAT amount will be calculated when we mail you a price quotation.
