ISO Transformers.

2024-11-20

Pricelist for Europe. Shipping from the Netherlands.

Due to the ever-changing Yen-Euro exchange rate, the prices below are only a first indication. Prices are based on a Yen-Euro exchange rate of 0,0065

When you want to know a more accurate price, multiply the prices below with (current Yen-Euro rate)/ 0,0065

For example:

Yen-Euro exchange rate on 2024-11-20 was 0,0062.

FC-40-10SE = 765.50 Euro ex. VAT. (see below)

$0,0062/0,0065 \times 765.50 = 730.17$ Euro ex. VAT (= price on 2024-11-20)

We also have an ISO pricelist for shipping outside Europe. The transformers will then be shipped directly from Japan to you.

Customers from Europe will notice that the prices in this pricelist (transformers shipped from the Netherlands) are a little bit higher than in the pricelist with shipping directly from Japan. This has to do with the 4% import tax and custom fees. When you receive the transformers directly from Japan, you will have to pay import tax and a fixed customs fee. When the transformers are shipped from the Netherlands, we already paid these taxes.

Prices are in Euro and for 1 transformer.

New EU-VAT rules for private customers within the European Union (EU)

As of 1 July 2021, the VAT rules for selling goods to private customers within the European Union have changed fundamentally. Customers within the EU will be charged to the VAT rate of their own country.

We are located in the Netherlands. The VAT-rate in the Netherlands is 21%. This is reflected in the incl. VAT prices on our website. For customers outside the Netherland (but within the EU), the VAT amount will change according to the VAT-rate of your country.

The exact VAT amount will be calculated when we mail you a price quotation.
(we need your full address to give you an exact price quotation)
